

VIVEKANANDA INSTITUTE OF PROFESSIONAL STUDIES- TC
CLASS TEST – APRIL - 2024

COURSE: BCA
SUBJECT: E-commerce
PAPER CODE: BCA-304

SEMESTER: VI
M.MARKS: 30
TIME: 1 Hour 30 Minutes

NOTE: - Part – A is compulsory. Attempt any 2 questions from part B

PART – A

Q. No.	CO	Question	10 Marks	Marks
✓1.	6	Explain SEO		2.5
✓2.	1	Relationship between E-commerce and E-business		2.5
✓3.	2	M-commerce and social commerce		2.5
✓4.	6	Explain Planning, system analysis and design phases while developing an e-commerce website.		2.5

PART – B

Q. No.	CO	Question	2*10 = 20 Marks	Marks
✓2	6	Write short notes on: (any two) ✓a) Chatbots ✓b) Recommendation systems c) Cloud Computing		10
✓3	2	Explain the Important Components of E-commerce Website.		10
4	1	Define e-commerce. Explain the various types of e-commerce		10

COURSE: BCA
SUBJECT: Internet of Things
PAPER CODE: BCA-306

SEMESTER: VI
M.MARKS: 30
TIME: 1 Hour 30 Minutes

NOTE: - Part - A is compulsory. Attempt any 2 questions from part B

PART - A

Q. No.	CO	Question	10 Marks	Marks
1.	CO1,CO2,CO3,CO4	Do Any Four ✓ Define Internet of Things. ✓ Illustrate sources of IoT with example. ✓ Define M2M communication. ✓ What are sensors, actuators, microcontroller and microprocessor in IoT? - What is data enrichment and consolidation? - What is architectural view of IoT?		2.5*4

PART - B

2*10 = 20 Marks

Q. No.	CO	Question	Marks
✓ 2	CO1,CO2	Diagrammatically explain the M2M system layers of IoT.	10
✓ 3	CO2,CO4,CO5	What are wired and wireless communication technologies used in IoT?	10
4	CO3,CO4,CO6	Explain wireless medium access issues. What are the different survey routing protocols?	10

COURSE:
SUBJECT:
PAPER CODE:

BCA
Data Visualization & Analytics
BCA 312

VIVEKANANDA INSTITUTE OF PROFESSIONAL STUDIES
CLASS TEST - APRIL - 2024

NOTE: - Part - A is compulsory. Attempt any 2 questions from part B

SEMESTER: VI
M. MARKS: 30
TIME: 1 Hour 30 minutes

PART - A
Attempt any FIVE of the following:

Q. No.	CO	Question	Marks
1.	1	What is the difference between sample and population?	2
2.	1	Name different sources for data collection	2
3.	3	Name different types of data elements.	2
4.	3	What do you understand by imputation?	2
5.	2	Name few methods for outlier detection	2
6.	3	Differentiate between parametric and non-parametric hypothesis testing	2
7.	2	What is Population Distribution difference between Sampling Distribution	2

10 Marks

2*10 = 20 Marks

PART - B

Q. No.	CO	Question	Marks
1.	1	Explain analytics process model in detail.	5
2.	1	Discuss analytical part in different profiles	5
3.	3, 4	Write the python code for outlier detection using the standard deviation method.	5
4.	1, 2	A coin was tossed 484 times and head turned up 265 times. Test the hypothesis that coin is unbiased.	5
5.	1,2,3	Create a GUI based form for admission purpose for your college	5
6.	1,2,3	Marks is a list that stores marks of a student in 10-unit test. Write a program to plot Line chart for the student's performance in these 10 tests.	5

VIVEKANANDA INSTITUTE OF PROFESSIONAL STUDIES- TC
CLASS TEST - APRIL - 2024

COURSE: BCA
SUBJECT: Deep Learning with Python
PAPER CODE: 314

SEMESTER: VI
M. MARKS: 30
TIME: 1 Hour 30 Minutes

NOTE: - Part - A is compulsory. Attempt any 2 questions from part B

PART - A

10 Marks

Q. No.	CO	Question	Marks
1 (a)	CO6	Discuss about applications of Deep Learning	2.5
1 (b)	CO2	Discuss the importance of pooling layer in Convolution Neural Networks.	2.5
1 (c)	CO1	Differentiate between shallow learning and deep learning with one example	2.5
1 (d)	CO3	Differentiate between shallow learning and deep learning with one example	2.5

2*10 = 20 Marks

PART - B

Q. No.	CO	Question	Marks
2 (a)	CO1	Differentiate single layer and multi-layer perceptron	5
2 (b)	CO4	Difference between Gradient descent, stochastic gradient descent, and mini-batch gradient descent	10
3	CO3	With the help of diagram, explain basic building blocks of Convolutional neural network architecture	6
4 (a)	CO3	Draw and explain the block diagram of AlexNet and ResNet	4
4 (b)	CO4	What are optimizers in deep learning? Explain various optimizers used.

CLASS TEST – APRIL - 2024

BCA
SUBJECT: IT Acts & Cyber Laws
PAPER CODE: BCA 316

SEMESTER: VI
M.MARKS: 30 Marks
TIME: 1 Hour 30 Minutes

NOTE: - Part – A is compulsory. Attempt any 2 questions from part B

PART – A		10 Marks	
Q. No.	CO	Question	Marks
1.	1,2,3,4,5	Attempt any 4 from the following:- a) Compare and contrast conventional crime vs digital crime. b) What is cyber stalking? Explain DoS and DDoS attacks. c) List various types of cybercrimes. d) Differentiate between digital signatures and e-signatures. e) What is certifying authority and what is its role in digital security? f) What is online safety? What are different strategies for enhancing online safety?	2.5*4=10(M)

PART – B		2*10 = 20 Marks	
Q. No.	CO	Question	Marks
2	1,2,4,5	What is computer vandalism, and how does it involve the deliberate destruction or damage of computer systems, networks, or data?	10
3	2,3	What are some of the key concerns surrounding online safety for women and children, and how does the IT Act aim to protect these vulnerable groups from cyber exploitation and abuse?	10
4	3,4,5	What is digital certificate? What are various components of digital certificates? How digital certificate works?	10

VIVEKANANDA INSTITUTE OF PROFESSIONAL STUDIES- TC
CLASS TEST – APRIL - 2024

COURSE: BCA
SUBJECT: Mobile Application Development
PAPER CODE: BCA-318

SEMESTER: VI
M.MARKS: 30
TIME: 1 Hour 30 Minutes

NOTE: - Part – A is compulsory. Attempt any 2 questions from part B

PART – A		10 Marks	
Q. No.	CO	Question	Marks
1.	1	Explain different building blocks of Android	2
2.	4	What is the function of an intent filter? Write the syntax for Intent Filter tag.	2
3.	3	Describe the important of android manifest.xml and logcat window	2
4.	4	What is permissions? Describe various types of permissions used while developing android applications with support of examples.	2
5.	3	Explain the usage of toast(), onBind(), onUnbind() and onRenind()	2

PART – B		2*10 = 20 Marks	
Q. No.	CO	Question	Marks
6.	2	Explain any 5 Android Layouts with its suitable design layouts.	10
7.	3	Draw and explain life cycle of Android Activities. Compare it with Fragment life cycle	10
8.	4	Draw and explain the layered Architecture of Android Framework. What are the features of android development?	10
9.	1	What is dp, sp, pt and px? Explain different UI Controls with the suitable examples.	10
